Docket No. 98N-1265 0621 95
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

It is not right or fair to the American consumer to not be able to choose who we want to buy our prescriptions from, and we know it is just the large monstrous pharmaceutical companies wanting to have & control physicians & their patients, not allowing freedom to choose what is best for the patient! I am thoroughly against this.
